

Friday Night [under the] Lights... 2015

Happy Friday.

Hard to believe it was 14 years ago today...

2,753 people died in the attack.
343 were Firefighters and Paramedics.
23 were NYPD Officers.
37 were Port Authority Officers.

Our lives and our profession were changed forever.

Now, 14 years later, we can rightfully call this our *Tower of Strength...*

We remember. As we should, and as we will...
