Mobile Integrated Healthcare.™

Population Health Management.

PIONEERING THE DELIVERY OF CARE.™

Together with our Envision Healthcare family of companies, Evolution Health is innovating new healthcare models and deploying technologies designed to deliver better care to individual patients, and populations of thousands ... in the home, in mobile environments and in alternative settings.

Evolution Health provides post-acute services to chronically ill patients. AMR, the nation's largest medical transportation company, provides interfacility transportation and 24/7 emergency response in more than 2,100 communities from coast-to-coast. EmCare, the nation's largest physician practice management company, provides care to millions of patients each year in nearly 1,000 hospitals nationwide.

Together Evolution Health, AMR and EmCare offer payers, providers, communities and patients an innovation unmatched within the healthcare industry – Mobile Integrated Healthcare™ – in the hospital, in the home and in-between, powered by a state-of-the-art Medical Command Center.

The Benefits ... And Results ... Are Remarkable

Our Mobile Integrated Healthcare model has three goals, all supporting the Institute for Healthcare Improvement's Triple Aim:

- IMPROVING THE PATIENT EXPERIENCE OF CARE
- IMPROVING THE HEALTH OF POPULATIONS
- REDUCING THE PER CAPITA COST OF HEALTHCARE

Coordinated Care Solutions

There are numerous healthcare professionals who may be involved in the delivery of care – nurses, physicians, social workers, nurses, pharmacists, paramedics. All members of our interprofessional care teams are familiar faces. But only the Evolution Health, AMR and EmCare partnership brings them all together when and where the patient requires care ... in local communities from coast-to-coast.

Together, Evolution Health, AMR and EmCare deliver:

- RIGHT CARE
- RIGHT TIME
- RIGHT PLACE
- RIGHT CLINICIAN
- RIGHT COST

That simple concept is at the core of our Mobile Integrated Healthcare model.

Medical Command Center mobilizes our provider network.

Our Mobile Integrated Healthcare Services

Envision's more than 21,000 employees and affiliated providers participate in more than 15 million patient encounters each year in thousands of communities nationwide. No other company offers the vast array of resources and services we can provide and no other single company can support hospitals, hospital systems and payers the way we do. Evolution Health's Mobile Integrated Healthcare services include:

■ **COMPREHENSIVE CLINICAL ASSESSMENTS -**

Updates patient health information through a three-step process of fully-clothed exam, review of current medications and conversation about family history, health and wellness concerns, as well as advanced care planning.

■ **TRANSITIONAL CARE -**

Bridges patients between care settings by coordinating with primary care providers, hospitalists and specialists from hospital to home, hospital to skilled nursing facility, skilled nursing facility to home and/or hospital emergency department to home.

■ **LONGITUDINAL HIGH RISK MANAGEMENT -** Home and facility visits for mobile co-management with primary care physician or specialist of medically complex, high-risk and high-touch patients.

■ **ADVANCED ILLNESS MANAGEMENT -** Provides comfort and coordinates care for patients with advanced chronic illnesses and functional decline as goals of care shift from curative to palliative in orientation.

■ **UNPLANNED CARE -** Coordinates unscheduled care needs using mobile clinicians and telemedicine capabilities along with interprofessional rapid response care team and delivered in-home or virtually.

■ **MEDICAL COMMAND CENTER -** Delivers time-appropriate resource allocation for planned and unplanned care using comprehensive, 24/7 coordinating communications hub with robust clinical expertise.

For one patient, or thousands ... Multiple services. Multiple solutions. Significant synergies.
