

Are you and your loved ones prepared for the high cost of today's healthcare?

Even with insurance you might still be left with overwhelming medical expenses.

An ambulance transport doesn't need to be one of them.

As the nation's largest ambulance provider, American Medical Response is uniquely positioned to bring you high-quality advanced life support care and transport at an affordable yearly rate.

1. Peace of Mind, With No Out-of-Pocket Costs

We all know that illness or injury can strike without warning. When it does, it is comforting to know that the cost of your ambulance transport is covered... no matter what.

That's why American Medical Response (AMR) offers **Paramed**, the ambulance membership program that covers all family members living in your household. For an annual fee of only \$55, you and your family members are covered; regardless of where they require care in AMR's service area.

As a **Paramed** member you receive lifesaving advanced life support care and medical transportation with no out-of-pocket costs; AMR accepts direct payment from your insurance company, Medicare, or any third-party agency as payment in full.

2. Emergency Medical Response When Needed

Wherever you live in our ambulance service area, expert critical care is just a phone call away; 24 hours a day, seven days a week.

AMR paramedics respond quickly; evaluating and treating patients with life saving skills using state-of-the-art medical equipment. All of our paramedics are highly trained to the latest standards in prehospital emergency care. Once stabilized, patients are transported quickly to the hospital.

As a **Paramed** member, you can rest assured that our paramedics will respond to your call for help; whether you call 911 for an emergency or you call us directly for a physician authorized non-emergent medical transport. Your **Paramed** membership will cover all necessary ambulance charges.

3. Benefits that Meet Your Needs

- Ensures 911 emergency ambulance service for residents living within AMR's Medical Service Area.
- Provides medically necessary nonemergency transportation when you directly request the service by calling AMR.
- Offers discounts on ambulance services not considered medically necessary (as defined by the Health Care Financing Administration).
- Requires no out-of-pocket costs. Assignment of direct payment, if any, from your insurance company, Medicare, or any third-party agency is considered payment in full.

All this for only

\$55
a year!
