

# SAFETY TIPS: WILDFIRE SAFETY

**Wildfires often begin unnoticed and can spread quickly igniting brush, trees and homes. It's important to know how to prepare when a wildfire is near your property**

## When fire is nearby:

Listen closely to evacuation and pre-evacuation procedures

Park your vehicle facing outward

Put valuables in the car and place the car keys where you can find them quickly

Dress appropriately- wear sturdy shoes, long pants, a long-sleeved shirt, gloves and a mask

Confine or secure pets to one room or area and prepare them to be transported

Move all flammable furniture (including outdoor furniture) to the center of your home

Keep your electricity on and leave a few lights on

Close shutters, blinds and heavy drapes, remove lightweight drapes and curtains

Close fireplace dampers and fireplace screens

Shut all interior and exterior doors and leave them unlocked

Connect a garden hose to a faucet and leave buckets full of water around your house

Place a ladder outside for roof access.
