

STANISLAUS 911 NURSE NAVIGATION

Calling 911 now offers a variety of care options.

When you call 911 with a health concern, you may not need an ambulance trip to your local hospital emergency department. American Medical Response (AMR)'s new program, developed in collaboration with Valley Regional Emergency Communication Center (VRECC) and program pioneer Global Medical Response, gives 911 call takers the option to connect you with a 911 Nurse Navigator who can navigate you to alternative options.

A Global Medical Response Solution

BENEFITS OF THE STANISLAUS 911 NURSE NAVIGATION

Accurate, fast access to a variety of care options

RIGHT CARE

Speak with a Nurse Navigator about your specific needs.

RIGHT TIME

Using physician-approved guidelines, a Nurse Navigator quickly navigates the patient to alternative options.

RIGHT PLACE

Nurse Navigator navigates you to alternative care options such as a local urgent care center, clinic, telehealth or self-care at home.
